THE WAY THROUGH

Molly Marquess

There Isn't Always a Way Out.
But There Is Always a Way Through.

THE SIGNATURE KEYNOTE

A candid, practical keynote about business ownership, leadership, and finding your next step when life doesn't go according to plan.

Drawing on 25 years in a family business and the experience of taking ownership of four businesses at once, Molly shares the unfiltered lessons of leadership under pressure: costly decisions, hard resets, the people who depend on you, and the courage it takes to ask for help.

This is not a story about having everything figured out. It is an honest conversation about taking responsibility, learning from mistakes, changing direction, and moving forward one decision at a time.

"You can be scared and still lead. You can make mistakes and still move forward."
